## **WirelessGate to Start Marketing a Security Package for Pokémon GO**

**-Sale of Wi-Fi router with battery function and flat-rate data SIM plan-**

WirelessGate, Inc. (Head Office: Shinagawa-ku, Tokyo; Representative Director and CEO: Takehiro Ikeda; hereinafter "WirelessGate"), a wireless broadband service provider, will start marketing a Security Package for Pokémon GO, which gives piece of mind to users of Pokémon GO, a location-based game, at Yodobashi Camera outlets in Japan online and Yodobashi.com (<http://www.yodobashi.com/>) on July 29.

The Security Package for Pokémon GO is a Wi-Fi router with a large-capacity battery combined with a WirelessGate SIM for flat-rate LTE telecommunications.

The Wi-Fi router featured in the Security Package for Pokémon GO uses a WirelessGate SIM, which enables users to use flat-rate LTE telecommunications and the Wi-Fi router also has a battery that can rapidly charge a smartphone while using LTE telecommunications.

The Security Package for Pokémon GO is a new service to alleviate concerns about increased communication rates and low battery charges. In addition, users can access to more than 40,000 WirelessGate Wi-Fi hot spots in Japan and 20 million FON Wi-Fi access points, the world's largest community Wi-Fi, in more than 200 countries and regions.

The details of the Security Package for Pokémon GO are as follows:

■SIM-free Wi-Fi router with battery function: Battery Wi-Fi MF855

- SIM-free mobile router
- Large-capacity 7,800 mAh battery

(Two to three full charges are possible for smartphones marketed in Japan.)

- Price: 17,800 yen (tax included)

■WirelessGate SIM FON Premium Wi-Fi

- Wi-Fi hot spot: Compatible with FON World Premium Wi-Fi

(Japan: more than 40,000 spots, FON: 20 million access points in Japan and overseas)

- Communication speed (downstream): Wi-Fi/54 Mbps, LTE/ 3 Mbps \*1
- Monthly communication capacity: Unlimited \*2
- Price of package: 3,240 yen (tax included)
- Monthly fee: 1,680 yen (tax included) \*3

■Package Sale: Security Package:

- For simultaneous purchase of Battery Wi-Fi MF855 (SIM-free Wi-Fi router with battery function) and WirelessGate SIM FON Premium Wi-Fi, you will receive a discount of 3,000 yen (tax included) from the total price of purchase.

\*For inquiries on this service, please contact WirelessGate Sales Department

Persons in charge: Itagaki/Narita, Phone: 03-3474-7133, Weekdays: 10:00 to 18:00

\*1 The communication speeds stated above are best estimates. The maximum speeds are standard but not guaranteed.

\*2 For data communication using a communication method that occupies bandwidth continuously and heavily such as file-swapping (P2P) applications and short, massive downloads that affect the use of other customers, the communication speed may be controlled or its use may be limited.

\*3 Universal service fees will be charged separately.

\* The rights of all the brands, product names, company names, trademarks, and service marks are retained by each company.

\* This service is not related to Pokémon GO (sold by: Niantic, Inc.).

## Future prospects

This release will exert a negligible influence on our consolidated performance for the fiscal term ending in December 2016. If any other influence on the prospects of our consolidated performance is expected, it will be swiftly disclosed.

WirelessGate aims to continue working to meet a variety of customer needs and improve the level of service provided so that everyone can enjoy reliable wireless broadband service by taking advantage of the communication services it provides as an aggregator (business operator of integrated radio communication).
