WirelessGate to Provide New Sightseeing Service for Tourists in Japan Visiting from Indonesia - Hospitality for Muslim tourists -

WirelessGate, Inc. (Head Office: Shinagawa-ku, Tokyo; Representative Director and CEO: Takehiro Ikeda; hereinafter "WirelessGate"), a wireless broadband service provider, announces the progress of its Wi-Fi infrastructure business.

WirelessGate will start to provide a new sightseeing service for Muslim^{*1} tourists in Japan visiting from Indonesia jointly with Samurai Travel Inc. (Head Office: Chuo-ku, Tokyo; Representative Director and CEO: Masafumi Kamei; hereinafter "Samurai Travel").

In addition to supporting and providing communication services for tourists, WirelessGate will collect location information using smartphone applications, etc. to utilize big data about the flow of tourists (flow of people).

For tourists that have reserved a travel package from Samurai Travel in Indonesia or Garuda Indonesia and who will use the sightseeing service, WirelessGate will supply mobile communication devices (SIM cards and wireless devices) during their trip and provide services where tourists can use Wi-Fi spots at their accommodations and at sightseeing destinations for free.

Additionally, tourists can obtain information on halaal^{※2} restaurants, mosques, musalla, and sightseeing spots from the smartphone sightseeing applications provided by Samurai Travel.

WirelessGate will also provide sightseeing coupons and display ads on the smartphone applications used by tourists and collect information the habits of tourists that are sightseeing, with plans to improve the big data service by adding information about the interests and thoughts of tourists.

WirelessGate will invite Garuda Indonesia and its affiliated travel company, Royal Indonesia, to Japan for a trial travel plan. After the verification of the plan, it will begin full-scale operations on the travel plan for sightseeing destinations throughout Japan.

※1 Muslim: A follower of Islam.

※2 Halaal: Any object or action that is permissible under Islamic law.

This word also applies to food that is healthy, clean, safe, high-quality, and of high nutritional value.

(Example: Do not eat pork. Keep the food clean at all times and serve things of good nutritional value.)

Future prospects

The release will exert a negligible impact on our consolidated performance for the term ending in December 2016. If any other influence on the prospects of our consolidated performance is expected, it will be swiftly disclosed.

WirelessGate aims to expand the Wi-Fi infrastructure and improve the level of service provided so that everyone can enjoy a reliable wireless broadband service by utilizing the communication services it provides as an aggregator (integrated wireless carrier).
